

# Summer Learning Journey Celebration

Year 6

Skylark and Nightingale

We have been preparing the go-karts for the race day on June 15th. This has allowed us to apply our STEM skills

We have worked so hard to prepare for SATs throughout the year, we enjoyed celebrating the end of them with pizzas!

We have been working really hard to continue to develop our writing skills under various themes and genres of writing.

We will be continuing to learn about 20th Century Conflict next term.
