

Yr 3 Learning Journey—Term 2

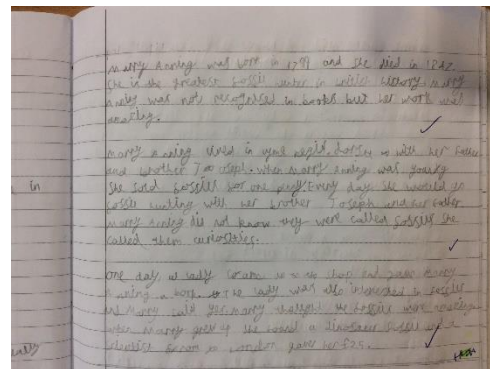

During Autumn Term 2, Year 3 children have explored fossils and dinosaurs. This has included:

- Mary Anning and her amazing fossil discoveries.
- Types of dinosaurs.
- Periods of time in which we would find different dinosaurs.
- Sketches of fossils and creating DIY plaster of paris fossils.
- Exploring tempo and volume and using this to create dinosaur hunt music.
- Investigating rocks in science.

We loved using the computers to type up our Mary Anning biographies.

I liked doing the dinosaur drawings.
