

I really enjoyed seeing the art in the box and can't wait to make my own!

I liked working with my group to do the drama. I liked learning the song as well!

## Wren class spring term

This term, Wren class have been learning all about the Romans and investigating why the Roman army was so successful. We enjoyed using our STEM skills to design and create our Roman chariots. In maths, we have been working on formal written methods for multiplication and division. We've also been working hard on our times table knowledge. In English, we have been learning all about the myth Romulus and Remus. We wrote our own versions and created drama pieces retelling the story. We finished the term with an exciting visit to the box to see the songline exhibition. We enjoyed looking at the Australian art and are excited to make our own next term!
