

## Goldfinch class spring term

Goldfinch class have loved our Master of Disaster topic this half term! We have had the opportunity to do so many things from creating our own Paper Mache volcanoes to exploring magnets and magnetic fields. We have done so many incredible pieces of writing including a diary entry, poems, and an explanation text. STEM skills have been a focus for this half term, and we have been working hard to collaborate and problem solve in all our learning. Well done Goldfinch class!
