

Amazing Me

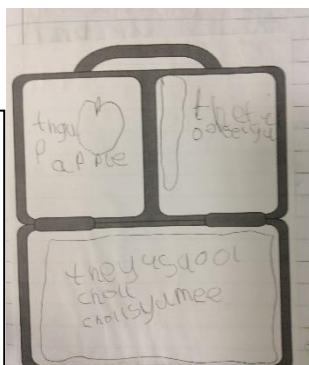

We talked about ourselves, families and communities in our 'Amazing Me' topic.

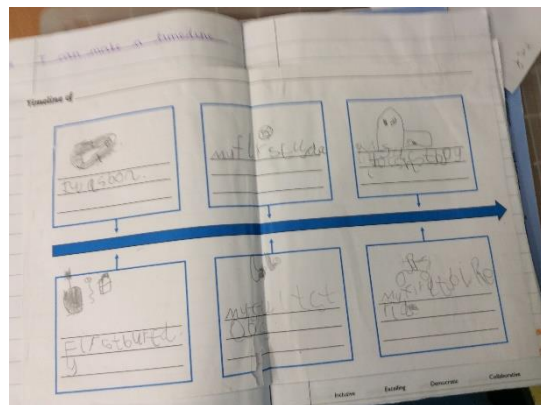

We have continued to have daily RWInc sessions, these are helping us to read and enjoy a variety of books in class.

In History we learnt about family trees. We were able to create our own family tree for who lives with us. We also created a timeline of our lives. This included: first steps, talking and starting school.

We named our body parts and identified where they are. We also learnt how to stay healthy. We designed our very own healthy lunchbox.

In English we read Topsy & Tim start School. We used adjectives to describe the characters and wrote descriptive sentences about them.

In Art we learnt to mix colours to make different ones!

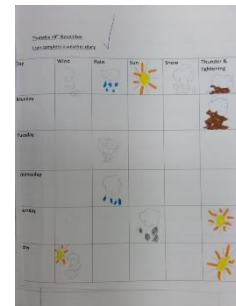

Year 1

Autumn Term Summary

Weather Watchers

We designed, made and evaluated our very own rain gauges! We used these to measure how much rain fall we had – it was a lot!

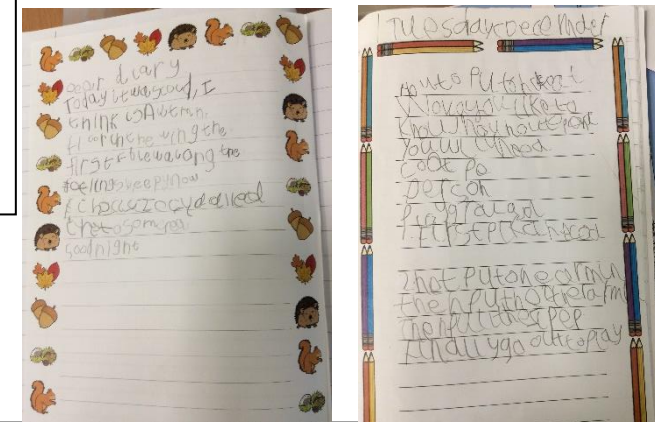

We also kept a class weather diary. We found that over the past few weeks we have had a lot of rain and a lot of wind.

We have continued to have daily RWInc sessions, these are helping us to read a variety of books in class.

In Maths we have been recognising 2D and 3D shapes. We were able to investigate which 3D shapes stack and roll.

We also wrote a set of instructions to help someone put on their coat. We used all the key features of instructions and words such as: first, second, then and finally.

In English we read the book 'the tiny seed.' We then pretended to be a seed and wrote a diary entry based on what happened to the seed throughout the 4 seasons. We used adjectives to explain how we would feel as the seed and worked hard to write in full sentences.
