

The children really enjoyed exploring Flat Stanley and the Great Egyptian Grave Robbers in reading and English. The children used their prediction skills to predict what would happen in the story. The children then wrote their own version of the story, creating their own flat character and taking them on a new Egyptian adventure.

We have learnt lots of facts over the last term and especially enjoyed learning about the Nile. We have learnt about the many inventions of the Egyptians including irrigation which we sang about in our assembly.

## The Egyptians

## Year 3 Final Destinations

We have written a playscript about the Gods and Goddesses which the children will perform in their shadow puppet theatres that we made in our DT lessons.

My favourite part was learning about the Gods and Goddesses. I really enjoyed planning my playscript and creating a new story for them.
