

## Starling Class.

### Summer 1— Women through History

This term we have been learning all about famous women through History. This included: Rosa Parks, Florence Nightingale, Marie Curie, Queen Elizabeth II and Amelia Earhart. We really enjoyed learning all about what these women did to change History and we were fascinated learning all about how women were not always treated very nicely!

In Music we enjoyed listening to a variety of different female artists and discussing what we liked and disliked about them. We listened to: Aretha Franklin, Whitney Houston, Beyonce/, Taylor Swift and even the Spice Girls!

Pizza fractions

$\frac{1}{2}$   
half

$\frac{1}{4}$   
quarter

In Maths we have been working hard adding, subtracting and have also been learning all about fractions! We can find half and quarters of numbers.

Here we all are showing off our 'women through History' art gallery. We drew portraits of famous women and asked our grown ups to donate to charity and take our art work home.
